

Iraq under Zionist Occupation

A collection of pictures showing the realities of the proud Iraqi People endured under the Zionist boot of Occupation

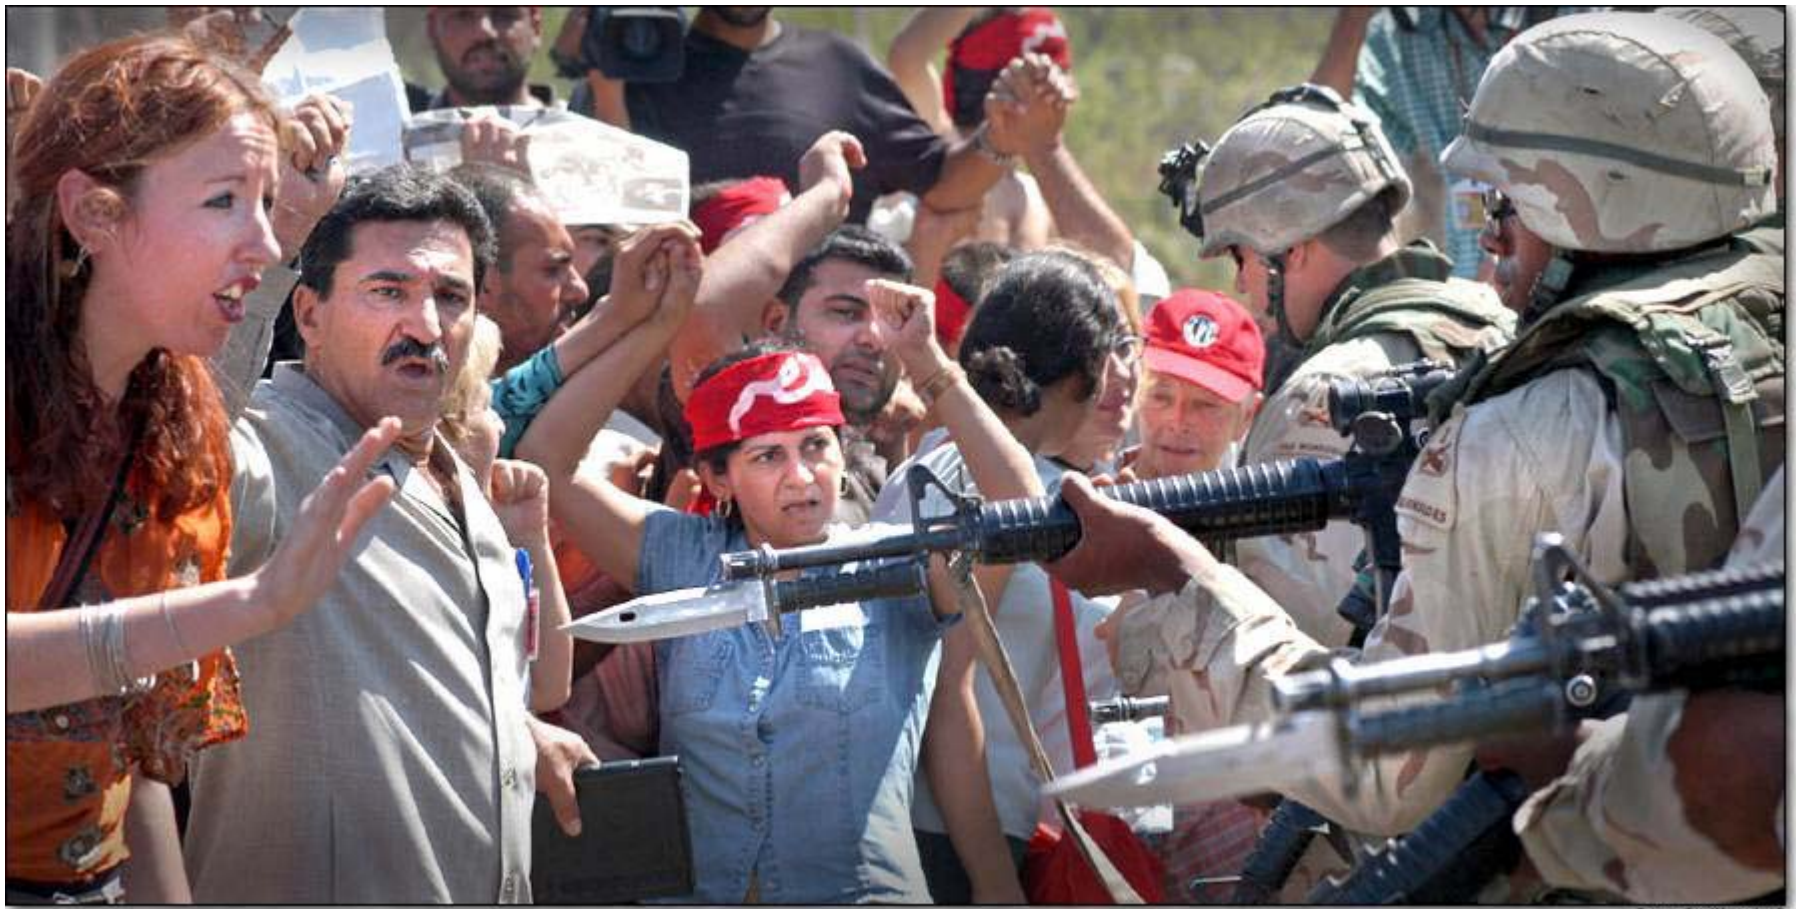

Since March 2003 the Iraqi people are massacred, butchered, robbed and humiliated by the military stooges and mercenaries of the Zionist Jews Paul Wolfowitz (U.S.) and Jack Straw (U.K.).

Iraq has been turned into a gigantic Palestine, and the methods used by these criminals are the same employed by their Jewish brethren against the occupied Palestinians.
